

NUCCA NEWS

NEWSLETTER OF THE NATIONAL UPPER CERVICAL CHIROPRACTIC ASSOCIATION - NUCCA

PRESIDENT'S Letter

As we welcome spring, there is much to anticipate!

We are excited about the Spring NUCCA conference, which will be held at a newly renovated hotel in beautiful San Diego, California. This new location offers plenty for our members, including family-oriented attractions such as Legoland, the San Diego Zoo, boating, and more. It is also close to a variety of fun and upscale restaurants, shopping, and additional activities! [Register here.](#)

We have introduced several new classes and updated some

A special segment of the banquet program will honor the memory of **Dr. Marshall Dickholtz, Jr.** We will present a heartfelt video celebrating his many contributions to NUCCA.

Christopher Titus, a dear friend and patient of Dr. Dickholtz, will serve as our keynote speaker. He will share his perspective as a long-time patient and advocate for NUCCA. As the producer and star of his own comedy television show, Christopher is taking time off from his comedy tour to join us for what promises to be an inspiring and thought-provoking
